

NOVUSMED: CT

COORDINATED TRANSPORTATION FOR NEMT

Momentm's NovusMED Coordinated Transportation (NovusMEDCT) allows multiple agencies to use one system by partitioning the NovusMED software. Separating data allows call center staff to see all or specific member data dependent on security permissions. Organizations can operate across multiple geographies and service areas all from one call center. Sharing one instance of NovusMED is beneficial by reducing long-term software maintenance and IT costs, providing a seamless experience for members.

Shared ancillary data across the system means consistent reporting by all agencies. Trips can easily be scheduled from one service area to another with the ability to build in logical transfers.

The screenshot displays the NovusMED software interface with several key sections:

- TRIPS:** A table listing scheduled trips with columns for Booking Id, Booking Type, Run, Time, Origin, and Time. It shows two trips for Monday, 2022-11-14, with origins at 100 MAIN ST SAN FRANCISCO CA 94401 and Walgreen's Pharmacy, 135 Powell St San Francisco California 94102.
- SOLUTIONS:** A table providing alternative trip options with columns for Solution Number, Run, From Time, To Time, Violations, Recipients Per Run, Time, VehicleID, and Status. It lists five potential solutions for the trips.
- PARAMETERS:** A section for configuring system settings like Parameter Set, Schedulers Set, and Transport Modes.
- ITINERARY:** A table showing the detailed schedule for a specific trip, including columns for Act, Status, Space On/Off, Space On, Violations, Address, Client, Sched. Time, Time, End, and Stop.

THE KEY BENEFITS OF NOVUSCT

- Several agencies can use a single system
- Consistent reporting
- Simple inter-agency transfers
- All-in-one service for your passengers

Ensure that all trips are scheduled according to the specific requirements of individual agencies, such as different scheduling parameters and weights.

Momentm is a dedicated Health & Human Services Transportation software company, emerging with 30+ years of prior experience from TripSpark and Trapeze. This new brand is a reflection of our commitment to addressing a key social determinant of health (SDOH), namely non-emergency medical transportation (NEMT), for many market segments including Managed Care Organizations, brokers, transportation providers, PACE, IDD and health groups.

Our market leading expertise is well-known, and now we are truly building Momentm together with you.
